THE NEW BMW 2 SERIES COUPÉ.
ORIGINAL BMW ACCESSORIES.
ENTER A WORLD OF ENDLESS POSSIBILITIES.
1 The new BMW 2 Series Coupé is the expression of unrestrained and spirited passion. This is clear to see in the striking and powerful impression it makes on the road. You, too, can make your own distinctive contribution here. Whether it is for the exterior and interior, for communication and information or luggage and transport solutions – with Original BMW Accessories, you can give the BMW 2 Series Coupé your own unique character.

FORMED FOR THE NON-CONFORMIST.

2 All-weather floor mats, Sport
The all-weather floor mats protect the driver’s and front passenger’s footwells from dirt and wear. The raised edges of both black mats are made of red, water-resistant material and features side pockets for small objects. Because it is perfectly fitted to the space, it does not block the fastening points.

3 19" BMW M Performance light alloy wheels Double-spoke 624 M
The 19" light alloy wheels Double-spoke 624 M are forged, milled and polished and feature the four-colour M logo.

4 Travel & Comfort System clothes hanger
The Travel & Comfort system clothes hanger in an attractive BMW design allows for the hanging of clothes on the rear side of the backrest. Plug-in connectors make it easy to attach to the base support (required). The hanger can also be used outside of the car (hotel function).

5 Luggage compartment mat, Sport
With its red accents, the Sport luggage compartment mat is perfectly suited to the Sport Line. Its raised edging protects against dirt, moisture and wear. It is made of washable material and features side pockets for small objects. Because it is perfectly fitted to the space, it does not block the fastening points.

6 Group 1 BMW Junior Seat with ISOFIX
Together with the ISOFIX base, the Group 1 BMW Junior Seat in black/blue is suitable for children from approx. 10 months to 3.5 years old (approx. 9–18kg). Patented air pads provide increased side impact protection for the head. The seat shell can be positioned facing forwards and backwards on the ISOFIX base. Other versions are also available for older age groups.

19" BMW M Performance light alloy wheels Double-spoke 624 M
The 19” BMW M Performance light alloy wheels Double-spoke 624 M are BiColour matt black, forged and milled and feature the four-colour M logo.

Racing cycle holder, lockable
With the lockable racing bicycle holder for all BMW roof base support systems, up to four bicycles can be transported. It is made of quality materials and can be mounted without tools. Bicycles are attached with a clamping system. Additionally, the bicycle is attached to the support frame at the front fork and other points. For the transport of the front wheels, the front wheel holder (pictured) is required which is available separately. Suitable for bicycles with quick-release fasteners on the front wheel.

7 BMW Click & Drive system

The BMW Click & Drive system is a holder for Apple and Samsung smartphones, as well as for the BMW Navigation System Portable. The system is attached to the windshield with a removable adhesive pad. Special clasps (also available separately) allow the BMW Click & Drive system to be perfectly fitted for different devices. The integrated USB port means the device can be charged in the car. The Samsung holder is particularly resilient.

8 Snap-in adapter

This snap-in adapter is a docking system that allows mobile phones from manufacturers such as Apple, Samsung, Nokia, Motorola and others to be securely stored and quickly charged. For optimal network reception, the mobile phone is connected to the car’s external antenna via the snap-in adapters. Depending on the vehicle and its equipment, Music, Media and Connect snap-in adapters are available. With these adapters, music stored on the mobile phone can be played over the car speakers. They also enable convenient operation via the Drive Controller, the multifunction buttons on the steering wheel or the radio.

9 USB adapter

The USB adapter connects an Apple iPod™ or iPhone™ with the vehicle so that stored music can be played. This also charges the device. The system can be operated via the Drive Controller, multifunction buttons on the steering wheel or the radio. The adapter has a full metal connector and is protected from scratches and can be easily unscrewed.

PURE POWER, PERFECTLY DEFINED.

BMW M Performance Parts are the result of many years of BMW motor racing know-how and have been closely developed with BMW M GmbH. Each component goes through an intense development and manufacturing process, so uncompromising sportiness is consistently realised every time.

This is sportiness, of course, that you can also experience. The black front grille and ultra-lightweight carbon wing mirror caps, for example, emphasise the aggressively dynamic look of your BMW 2 Series Coupé. The 19-inch light alloy wheels give even more self-assured, solidly planted poise and an individual look. Whether it’s for aerodynamics, the chassis, the drivetrain or the cockpit, you can look forward to something incomparable – authentic motor sport genes in your BMW 2 Series Coupé.
